oliver ruiz sería un hombre completamente normal si cuando tuvo quince años no hubiese tenido un tremendo dolor de cabeza por el que tuvieron que ingresarle en el hospital ya que al salir descubre que tiene una serie de capacidades sobrehumanas que nacen en un repentino conocimiento de la interpretación de los sueños y avanzan paulatinamente en un sin fin de experimentos oníricos y extrasensoriales que no dejan indiferente a nadie se trata de una novela de gran interés tanto para los absolutamente escépticos como para los creyentes pues el estilo de ruiz es verdaderamente atractivo enganando fácilmente al lector sin grandes aspavientos sino con la sencillez de quien cree letra a letra sin malas intenciones en las experiencias narradas dicho esto los experimentos de oliver ruiz requieren de un lector con la mente abierta un lector activo que no sea extremadamente intelectual un lector sin prejuicios capaz de disfrutar y de cuestionar no solo los principios y hechos narrados sino los propios una novela entretenida y sin grandes pretensiones más allá de arrojar un poco de luz a un asunto en ocasiones oscuro e incomprendido por gran parte de la sociedad mediante la narración de la experiencia propia un gozo sugerente evocador y aterrador

LOS EXPERIMENTOS SECRETOS DE OLIVER RUIZ 1987

go on the ride of your life with the racing legend himself with a thrilling new chapter on john s dramatic 2017 crash then i was there myself just another face in the crowd watching the bikes fly by the smells the noise and the speed were all there for me to experience it was like a massive injection in my head and it just blew my mind i knew within seconds that i was going to be a tt racer i didn t know how or what i was going to have to do to achieve this and my dad wasn t going to be keen everyone around me was aware of the dangers but from that moment i knew i had to do it john mcguinness is one of the all time giants of road racing with a huge host of victories to his name but his easy humour and down to earth attitude off the bike have always kept people guessing what s the truth about the man inside the helmet that has kept him at the top of such a sport for over 20 years his autobiography tells the whole story from his humble beginnings in morecambe and getting his first bike at the age of 3 to working as a bricklayer and cockle fisherman before deciding to follow his dream and finally to his many victories in the most dangerous sporting event on the planet he tells of what it takes to be a champion in such an exacting sport and to keep winning even though all logic tells you to stop and when so many of your fellow racers are paying the ultimate price for doing it this thrilling autobiography gets into the head of the man who stares death in the face and doesn t even flinch
