Malaysia 2002

focuses on malaysia s four prime ministers as nation builders observing that each one of them when he became prime minister was transformed from being the head of the malay party umno to that of the leader of a multi ethnic nation each began his political career as an exclusivist malay nationalist but became an inclusivist

The Evolution of a Nation 2012

the book also examines the effects of early legal systems

D.W. Griffith's the Birth of a Nation 2008-01-15

in this deeply researched and vividly written volume melvyn stokes illuminates the origins production reception and continuing history of this ground breaking aesthetically brilliant and yet highly controversial movie by going back to the original archives particularly the naacp and d w griffith papers stokes explodes many of the myths surrounding the birth of a nation 1915 yet the story that remains is fascinating the longest american film of its time griffith s film incorporated many new features including the first full musical score compiled for an american film it was distributed and advertised by pioneering methods that would quickly become standard through the high prices charged for admission and the fact that it was shown at first only in live theaters with orchestral accompaniment birth played a major role in reconfiguring the american movie audience by attracting more middle class patrons but if the film was a milestone in the history of cinema it was also undeniably racist stokes shows that the darker side of this classic movie has its origins in the racist ideas of thomas dixon jr and griffith s own kentuckian background and earlier film career the book reveals how as the years went by the campaign against the film became increasingly successful in the 1920s for example the naacp exploited the fact that the new ku klux klan which used griffith s film as a recruiting and retention tool was not just anti black but also anti catholic and anti jewish as a way to mobilize new allies in opposition to the film this crisply written book sheds light on both the film s racism and the aesthetic brilliance of griffith s filmmaking it is a must read for anyone interested in the cinema

How to Make a Nation 2016

how to make a nation a monocle guide reveals all you need to make a happy vibrant and successful nation from designing a better parliament choosing a flag and creating social capital to taking care of your young and old using culture to gain soft power and devising a national brand this is a book for anyone who fancies a stint as pm wants to be a more engaged citizen or just believes they deserve good government this is a book about the small and big things that can make our nations work better for everyone who calls them home our 340 page guide features original photography and illustrations printed on a selection of great papers and bound with a linen cover it is also available in a deluxe limited edition published by gestalten

The Soul of a Nation 2015-11-04

in the soul of a nation america as a tradition of inquiry and nationhood chris altieri contends that the forma mentis of the founders of the political society often viewed by its members and by those external to it as the non plus ultra of modernity i e the united states of america is really steeped in the more ancient tradition of thinking that began in athens and continued through the christian centuries engaging the twentieth century philosophers eric voegelin alasdair macintyre and stanley cavell in critical conversation with the founding fathers the author shows that a broad conversation regarding the constitution of society is constitutively present in the public discourse of the people that began to recognize itself during the imperial crisis of the late eighteenth century british america that the participants in that conversation have at least an inchoate awareness of society as at once cosmic and anthropological and that that political society is therefore an apt field of study in and for the general science of order

Shaping a Nation 2012

shaping a nation a geology of australia is the story of australia s geological evolution as seen through the lens of human impacts illustrating both the challenges and opportunities presented by australia s rich geological heritage dustjacket blurb

Ataturk 1993

poet and playwright amiri baraka is best known as one of the african american writers who helped ignite the black arts movement this book examines baraka s cultural approach to black power politics and explores his role in the phenomenal spread of black nationalism in the urban centers of late twentieth century america including his part in the election of black public officials his leadership in the modern black convention movement and his work in housing and community development komozi woodard traces baraka s transformation from poet to political activist as the rise of the black arts movement pulled him from political obscurity in the beat circles of greenwich village swept him into the center of the black power movement and ultimately propelled him into the ranks of black national political leadership moving outward from baraka s personal story woodard illuminates the dynamics and remarkable rise of black cultural nationalism with an eye toward the movement s broader context including the impact of black migrations on urban ethos the importance of increasing population concentrations of african americans in the cities and the effect of the 1965 voting rights act on the nature of black political mobilization

A Nation within a Nation 2005-10-12

the book contains a presentation and critical consideration of the ideas of historians on the major problems processes events and personalities of the era of the bulgarian national revival it is dominated by the effort to understand how the bulgarian revival has been conceived of and imagined while keeping a certain distance from the various views presented whether critical ironic or simply that inherent in the presentation of another person s view book jacket title summary field provided by

now a major motion picture who is killing america is it really donald trump and a gop filled with white supremacists in a major new work of historical revisionism dinesh d souza makes the provocative case that democrats are the ones killing america by turning it into a massive nanny state modeled on the southern plantation system this sweeping alternative history of the democratic party goes back to its foundations in the antebellum south the slaveholding elite devised the plantation as a means of organizing labor and political support it was a mini welfare state a cradle to grave system that bred dependency and punished any urge to independence this model impressed northern democrats inspiring the political machines that traded government handouts for votes from ethnic immigrant blocs today s democrats have expanded to a multiracial plantation of ghettos for blacks barrios for latinos and reservations for native americans whites are the only holdouts resisting full dependency and so they are blamed for the bigotry and racial exploitation that is actually perpetrated by the left death of a nation s bracing alternative vision of american history explains the democratic party s dark past reinterprets the roles of figures like van buren fdr and lbj and exposes the hidden truth that racism comes not from trump or the conservative right but rather from democrats and progressives on the left

Death of a Nation 2018-07-31

if america were a corporation how would an independent analyst judge its ability to compete against other corporate giants according to the author that hypothetical analyst would label america a corporate dinosaur and recommend that the nation either change or face extinction this book focuses on how to improve america by first comparing its performance with thirteen competitive industrial nations then identifying the best practices found throughout the world that can be adopted here in the united states the author lays out some disturbing facts about america s lack of competitiveness in five key areas health education safety equality and even democracy taking the approach that data doesn t lie the author notes alarming statistics for example americans have the lowest life expectancy among all competitor nations americans are at least two times more likely to be murdered and four times more likely to be incarcerated than any other competitor country including japan france and the united kingdom america shows the sharpest disparity between rich and poor among all nations on its competitor list using charts that clearly illustrate the unbiased party neutral data the author uncovers the major problem areas that the nation must address to become a leader again homing in on best practices from other countries than can be adapted to the united states the author plots a course to transform america from a corporate behemoth burdened by internal issues and poor performance to a thriving business with an exciting portfolio of solutions

this official tie in to the highly acclaimed film the birth of a nation surveys the history and legacy of nat turner the leader of one of the most renowned slave rebellions on american soil while also exploring turner s relevance to contemporary dialogues on race relations based on astounding events in american history the birth of a nation is the epic story of one man championing the spirit of resistance as he leads a rough and tumble group into a revolt against injustice and slavery breathing new life into a story that has been rife with controversy and prejudice for over two centuries the film follows the rise of the visionary virginian slave nat turner hired out by his owner to preach to and placate slaves on drought plagued plantations turner eventually transforms into an inspired impassioned and fierce anti slavery leader beautifully illustrated with stills from the movie and original illustrations the book also features an essay by writer director nate parker contributions by members of the cast and crew and commentary by educator brian favors and historians erica armstrong dunbar and daina ramey berry who place nat turner and the rebellion he led into historical context the birth of a nation reframes the way we think about slavery and resistance as it explores the passion determination and faith that inspired nat turner to sacrifice everything for freedom

The Birth of a Nation 2016-09-27

new york times bestseller new york times book review editors choice an essential and groundbreaking text in the effort to understand how american criminal justice went so badly awry ta nehisi coates author of between the world and me in a colony in a nation new york times best selling author and emmy award winning news anchor chris hayes upends the national conversation on policing and democracy drawing on wide ranging historical social and political analysis as well as deeply personal experiences with law enforcement hayes contends that our country has fractured in two the colony and the nation in the nation the law is venerated in the colony fear and order undermine civil rights with great empathy hayes seeks to understand this systemic divide examining its ties to racial inequality the omnipresent threat of guns and the dangerous and unfortunate results of choices made by fear

A Colony in a Nation 2017-03-21

examines land use patterns and economic development on the navajo nation telling a story about resource exploitation and tribal sovereignty

A Nation Within 2021-10-07

a concise new history of the united states revealing that crises not unlike those of the present day have determined our nation s course from the start in a nation forged by crisis historian jay sexton contends that our national narrative is not one of halting yet inevitable progress but of repeated disruptions brought about by shifts in the international system sexton shows that the american revolution was a consequence of the increasing integration of the british and american economies that

a necessary precondition for the civil war was the absence for the first time in decades of foreign threats and that we cannot understand the new deal without examining the role of european immigrants and their offspring in transforming the democratic party a necessary corrective to conventional narratives of american history a nation forged by crisis argues that we can only prepare for our unpredictable future by first acknowledging the contingencies of our collective past

A Nation Forged by Crisis 2018-10-16

as americans experiment with dismantling the nation s welfare system clichés and slogans proliferate ranging from charges that the poor are simply lazy to claims that existing antipoverty programs have failed completely in this impeccably researched book rebecca blank provides the definitive antidote to the scapegoating guesswork and outright misinformation of today s welfare debates demonstrating that government aid has been far more effective than most people think she also explains that even private support for the poor depends extensively on public funds it takes a nation to fight a problem as pervasive and subtle as modern poverty and this book argues that we should continue to implement a mix of private and public programs federal state and local assistance should go hand in hand with private efforts at community development and personal empowerment and change the first part of the book investigates the changing nature of poverty in america poverty is harder to combat now than in the past both because of the changing demographics of who is poor as well as the major deterioration in earnings among less skilled workers the second part of the book delves into policies designed to reduce poverty presenting evidence that many though not all programs have done exactly what they set out to do the final chapters provide an excellent review of recent policy changes and make workable suggestions for how to improve public assistance programs to assure a safety net while still encouraging poor adults to find employment and support their families

It Takes a Nation 2018-06-26
