during his lifetime dante was condemned as corrupt and banned from florence on pain of death but in 1329 eight years after his death he was again viciously condemned this time as a heretic and false prophet by friar guido vernani from vernani s inquisitorial viewpoint the author of the commedia seduced his readers by offering them a vessel of demonic poison mixed with poetic fantasies designed to destroy the healthful truth of catholicism thanks to such pious vituperations a sulphurous fume of unorthodoxy has persistently clung to the mantle of dante s poetic fame the

primary critical purpose of dante the unorthodox is to examine the aesthetic impulses behind the theological and political reasons for dante's allegory of mid life divergence from the papally prescribed way of salvation marking the septcentennial of his exile the book's eighteen critical essays three excerpts from an allegorical drama and a portfolio of fourteen contemporary artworks address the issue of the poet's conflicted relation to orthodoxy by bringing the unorthodox out of the realm of secret things by uncensoring them at every turn dante dared to oppose the censorious regime of latin christianity with a transgressive zeal more threatening to papal authority than the demonic hostility feared by friar vernani

similarities between esoteric and mystical currents in different religious traditions have long interested scholars this book takes a new look at the relationship between such currents it advances a discussion that started with the search for religious essences archetypes and universals from william james to eranos the universal categories that resulted from that search were later criticized as essentialist constructions and questioned by deconstructionists an alternative explanation was advanced by diffusionists that there were transfers between different traditions this book presents empirical case studies of such constructions and of transfers between judaism christianity and islam in the premodern period and judaism christianity and western esotericism in the modern period it shows that there were indeed transfers that can be clearly documented and that there were also indeed constructions often very imaginative it also shows that there were many cases that were neither transfers nor constructions but a mixture of the two
