and has brought him criticism as a self anointed sayer of the truth on whatever subject his eye comes to rest his provocative style has triggered an enormous critical response with interviews reviews and commentaries numbering in the thousands remarkable especially for a filmmaker whose first noteworthy film salvador opened in 1986 in this thoroughgoing assessment of stone s life and work frank beaver not only uses the rich response to the films to inform his own analysis but makes the case that the director has used it as well there is beaver suggests a telling symbiosis between critical response and ongoing practice in stone s emergence as a unique director beaver explores the way in which criticism has undeniably helped to shape the course of stone s ideas and filmmaking techniques
