2012-11

billy budd sailor and bartleby the scrivener are two of the most revered shorter works of fiction in history here they are collected along with 19 other stories in a beautifully redesigned collection that represents the best short work of an american master as warner berthoff writes in his introduction to this volume it is hard to think of a major novelist or storyteller who is not also a first rate entertainer a master according to choice of high comedy of one or another robust species of expressive humour or of some special variety of the preposterous the grotesque the absurd and melville certainly is no exception a kind of vigorous supervisory humour is his natural idiom as a writer and one particular attraction of his shorter work is the fresh further display it offers of this prime element in his literary character

The Melville Press

2003

melville s philosophies departs from a long tradition of critical assessments of melville that dismissed his philosophical capacities as ingenious but muddled its contributors do not apply philosophy to melville in order to detect just how much of it he knew or understood to the contrary they try to hear the philosophical arguments themselves often very strange and quite radical that melville never stopped articulating and reformulating what emerges is a melville who is materialistically oriented in a radical way a melville who thinks about life forms not just in the context of contemporary sciences but also ontologically melville s philosophies recovers a melville who is a thinker of great caliber which means obliquely but dramatically reversing the way the critical tradition has characterized his ideas finally as a result of the readings collected here melville emerges as a very relevant thinker for contemporary philosophical concerns such as the materialist turn climate change and post humanism

in melville s wisdom religion skepticism literature in nineteenth century america
2016-08-15 10/15 international financial reporting alan melville 3rd edition

damien b schlarb explores the manner in which herman melville responds to the spiritual crisis of modernity by using the language of the biblical old testament wisdom books to moderate contemporary discourses on religion skepticism and literature schlarb argues that attending to melville s engagement with the wisdom books job proverbs and ecclesiastes can help us understand a paradox at the heart of american modernity the simultaneous displacement and affirmation of biblical language and religious culture in wisdom which addresses questions of theology radical skepticism and the nature of evil melville finds an ethos of critical inquiry that allows him to embrace modern analytical techniques such as higher biblical criticism in the medium of literature he articulates a new way of accessing the bible by marrying the moral and spiritual didacticism of its language with the intellectual distance afforded by critical reflection a hallmark of modern intellectual style melville s wisdom joins other works of post secular literary studies in challenging its own discipline s constitutive secularization narrative by rethinking modern putatively secular cultural formations in terms of their reciprocity with religious concepts and texts schlarb foregrounds melville s sustained career spanning concern with biblical wisdom its formal properties and its knowledge creating potential by excavating this project from his oeuvre melville s wisdom shows how melville celebrates intellectually rigorous critical inquisitiveness an attitude that we often associate with modernity but which melville saw augured by the wisdom books he finds in this attitude the means for avoiding the spiritually corrosive effects of skepticism

Redburn by Herman Melville Classic Illustrated Edition

2021-05-25

the birth and death of the author is a work about the changing nature of authorship as a concept in eight specialist interventions by a diverse group of the finest international scholars it tells a history of print authorship in a set of author case studies from the fifteenth to the twenty first century the introduction surveys the prehistory of print authorship and sets the historical and theoretical framework that opens the discussion for the seven succeeding chapters engaging particularly with the history of the materials and technology of authorship it places this in conversation with the critical history of the author up to and beyond the crisis of barthes death of the author as a multi authored history of authorship itself each subsequent chapter takes a single author or work from every century since the advent of print and focuses in on the relationship between the author and the reader thus they explore the complexities of the concept of authorship in the works of thomas hoccleve and john lydgate andrew galloway cornell university william shakespeare and christopher marlowe rory loughnane university of kent john taylor the water poet edel semple university college cork samuel richardson natasha simonova university of oxford herman melville and his reluctant scrivener bartleby william e engel sewanee the university of the south james joyce brad tuggle university of alabama and grant morrison darragh greene university college dublin
