seminar paper from the year 2012 in the subject romance languages italian and sardinian studies grade 1 0
lmu munich language italian abstract la presente ricerca si suddivide in due parti delle quali la prima si occupa della concezione della visibilità secondo italo calvino nel suo libro lezioni americane e delle teorie della percezione della psicologia della gestalt della categorizzazione e della prototipicità che formano le basi di ogni creazione di un immagine mentale cioè la visibilità d una figura narrativa dipende dalla capacità dello scrittore di formare un corpo e un carattere immaginabili dal lettore nel caso di un personaggio invisibile è quasi impossibile ricorrere a una forma conosciuta o preesistente perché farebbe molta fatica a immaginarsi qualcosa oppure qualcuno che non è mai stata visto a causa di tale difficoltà calvino escogita diversi stratagemmi per resuscitare un immagine di una figura ossimorica che non c è oppure che c è senza esserci la seconda parte di questo breve saggio quindi mostrerà dove si trovano i concetti suddetti nel romanzo il cavaliere inesistente e quanto siano serviti a creare un personaggio di fantasia che esiste grazie solo alla forza della volontà schopenhaueriana dello scrittore

Il concetto della visibilità presso Italo Calvino nel romanzo "Il cavaliere inesistente"

italo calvino a pesar de haber sido tan discreto que apenas podía pronunciar la palabra yo sin embargo nunca dejó de cuestionarse sobre lo que significaba decir yo a través de sus escritos aunque de manera oblicua y sutilmente autobiográfica por tanto nos hemos propuesto investigar el concepto de identidad personal a medida de como emerge en el visconte dimezzato y il cavaliere inesistente de manera implícita ya que no fue este el interés explícito de las dos obras en nuestra opinión calvino siembra en ambas pistas importantes acerca de la identidad a diferentes niveles filosófico moral ideológico psicológico y literario que tienen mucho a que ver con su identidad personal los niveles que hemos identificado en los dos textos corresponden a la pluralidad de estímulos que calvino difunde y son coherentes con un tema complejo difícil de alcanzar y contradictorio como es el de la identidad como nos aclara el capítulo introductorio lo que hemos constatado aquí más allá de los diferentes planteamientos sobre la noción de identidad es que esta en última instancia no es un atributo inmutable sino un proceso continuo inacabado un tema en constante reconstrucción

questo romanzo di calvino viene affiancato a *Il visconte dimezzato* e a *Il barone rampante* compiendo una trilogia di emblematiche figure quasi un albero genealogico di antenati dell'uomo contemporaneo stavolta calvino si è spinto più a ritroso nei secoli e il suo romanzo si svolge tra i paladini di Carlomagno di quel medioevo fuori d'ogni verosimiglianza storica e geografica che è proprio dei romanzi cavallereschi

viscount Medardo is bisected by a turkish cannonball on the plains of Bohemia baron Cosimo at the age of twelve retires to the trees for the rest of his days Charlemagne's knight Agiluf is an empty suit of armour these three vivid images are the points of departure for Calvino's classic triptych of moral tales now published in one volume and all displaying the exuberant talent of a master storyteller the most magically ingenious of the contemporary italian novelists the times

examining Calvino's literary experiments as a young artist in search of his narrative voice Ricci explores the psychological and existential motivations intrinsically linked to the writer's need for textual and systemic patterning *I racconti* contains some of Calvino's least read works yet these early stories address issues present scenarios and generate a growing variation of themes that form the heart of Calvino's narrative discourse Ricci points out that melancholy permeates Calvino's works even at his most playful he suggests that if Calvino's highest merit was his sense of wonder and his urge to transform and defeat obscurantism with all the joy he could muster one must remember that his work expressed often painfully the limits of human rationalism

racconti can thus be read as a catalogue of the anxieties of both the young author and postwar italian society

calvino and the pygmalion paradigm fashioning the feminine in *i nostri antenati* and *gli amori difficili* is the first book length analysis of the representation of the feminine in calvino s fiction using the structural umbrella of the pygmalion paradigm and using feminist interpretative techniques this book offers interesting alternative readings of two of calvino s important early narrative collections the pygmalion paradigm concerns the creation by a male artist of a feminine ideal and highlights the artificiality and narcissistic desire associated with the creation process this book discusses calvino s active and deliberate work of self creation accomplished through extensive self commentaries and exposes both the lack of importance calvino placed on the feminine in his narratives and the relative absence of critical attention focused on this area relying on the analogy between pygmalion s pieces of ivory and barthes *sem* and drawing upon the ideas underlying kristevan intertextuality the book demonstrates that despite calvino s professed lack of interest in character development his female characters are carefully and purposefully constructed a close reading of calvino s narratives engaging directly with freud lacan and the feminist psychoanalytical thinking of kofmann kristeva kaplan and others demonstrates how calvino uses his female characters as foils for the existential reflections of his typically maladjusted and narcissistic male characters

looking at five of italo calvino s often neglected early novels the young people of po the cloven viscount the baron in the trees the non existent knight and the watcher eugenio bolongaro argues that these works written between 1948 and 1963 contain a sustained meditation on the role of the intellectual and on the irreducible ethical and political dimension of literature this meditation provides an insight into a crucial moment in calvino s development as a writer and allows bolongaro to lay the groundwork for a more political reading of calvino s later work italo calvino and the compass of literature firmly situates calvino within his historical context the cultural revival of post world war ii italy by relating these early novels to calvino s political and critical writings which played an important role in the cultural debates of the time this approach provides a key to understanding calvino s work in a new light ably demonstrating that calvino s full literary significance cannot be understood in isolation from the politics and cultural movements of the period one of the few book length english language works on calvino s early writings italo calvino and the compass of literatur will prove to be an indispensable tool to italianists and literary studies scholars
