## ***Breaking the Code 2012-06-12***

this compassionate play is the story of alan turing mathematician and father of computer science turing broke the code in two ways he cracked the german enigma code during world war ii for which he was decorated by churchill and also shattered the english code of sexual discretion with his homosexuality for which he was arrested on a charge of gross indecency whitemore s play shifting back and forth in time seeks to find a connection between the two events when first performed in the 1980s breaking the code was critically acclaimed in the uk before a broadway transfer won it a raft of awards nominations including 3 tony awards and 2 drama desk awards

## ***A Code Breaker's Tale 1998***

drama 7m 2f unit set derek jacobi took london and broadway by storm in this exceptional biographical drama about a man who broke too many codes the eccentric genius alan turing who played a major role in winning the world war ii he broke the complex german code called enigma enabling allied forces to foresee german maneuvers since his work was classified top secret for years after the war no one knew how much was owed to him when he was put on trial for breaking another code the taboo against homosexuality turing who was also the first to conceive of computers was convicted of the criminal act of homosexuality and sentenced to undergo hormone treatments which left him physically and mentally debilitated he died a suicide forgotten and alone this play is about who he was what happened to him and why powerful rivetting drama n y daily news elegant and poignant time magazine the most important serious play of the season christian science monitor

## ***Breaking the Code 1987***

recounts a true tale of espionage retracing the successful allied effort to break the german enigma code

## ***Enigma 2004-02***

the complete story of how the german enigma codes were broken perfect for fans of the imitation game the new film on alan turing s enigma code starring benedict cumberbatch breaking the german enigma codes was not only about brilliant mathematicians and professors at bletchley park there is another aspect of the story which it is only now possible to tell it takes in the exploits of spies naval officers and ordinary british seamen who risked and in some cases lost their lives snatching the vital enigma codebooks from under the noses of nazi officials and from sinking german ships and submarines this book tells the whole enigma story its original invention and use by german forces and how it was the poles who first cracked and passed on to the british the key to the german airforce enigma the more complicated german navy enigma appeared to them to be unbreakable

## ***Breaking the Code 1990***

hugh collins examines whether the harmonisation of private law in the european union would be a desirable development

**Enigma 2011-07-21**

a lifetime in english education is a reminder of how important a good school can be in providing pupils from all backgrounds with a rounded education that can only strengthen the bonds of society this unique insight on the history of post war british education tells the personal journey of philip vennis a crusading educationalist whose long career started at dulwich college after which he spent a short time at bletchley park as an intelligence officer following his degree from cambridge he taught for nine years at east ham grammar school for boys became a deputy headmaster at ounsdales comprehensive school in wombourne and then a headmaster at new mills grammar school derbyshire finishing his career with almost twenty years as principal of one of hampshire s premier sixth form colleges at itchen college southampton as his career develops so does his conviction in a belief that a wide ranging education should be provided by the state for all philip s career spanned the post war education acts and the rise of the comprehensive system right up to the cultural changes of the eighties his belief in public service his passion for the arts and his conviction in the power of education to help people transcend their backgrounds is completely different from the primary experience for most current heads that of managing a budget and making schools more cost effective and running them like a business this book written by his wife diana vennis should be an inspiration to all progressive educationalists in a contemporary environment where the co ed comprehensive open access philosophy seems to have lost out to a market led educational system this book is a timely reminder of the journey british education has taken in the post war period
