Terry Jones' Medieval Lives 2009-05-27

was medieval england full of knights on horseback rescuing fainting damsels in distress were the middle ages mired in superstition and ignorance why does nobody ever mention king louis the first and last and of course those key questions which monks were forbidden the delights of donning underpants and did outlaws never wear trousers terry jones and alan ereira are your guides to this most misrepresented and misunderstood period and they point you to things that will surprise and provoke did you know for example that medieval people didn't think the world was flat that was a total fabrication by an american journalist in the 19th century did you know that they didn't burn witches in the middle ages that was a refinement of the so called renaissance in fact medieval kings weren't necessarily merciless tyrants and peasants entertained at home using french pottery and fine wine terry jones medieval lives reveals medieval britain as you have never seen it before a vibrant society teeming with individuality intrigue and innovation

Books of Knowledge in Late Medieval Europe 2021-06-30

this book provides a series of studies concerning unique medieval texts that can be defined as books of knowledge such as medieval chronicles bestiaries or catechetic handbooks thus far scholarship of intellectual history has focused on concepts of knowledge to describe a specific community or to delimit intellectuals in society however the specific textual tool for the transmission of knowledge has been missing besides oral tradition books and other written texts were the only sources of knowledge and they were thus invaluable in efforts to receive or transfer knowledge that is one reason why texts that proclaim to introduce a specific field of expertise or promise to present a summary of wisdom were so popular these texts discussed cosmology theology philosophy the natural sciences history and other fields they often did so in an accessible way to maintain the potential to also attract a non specialised public the basic form was usually a narrative chronologically or thematically structured and clearly ordered to appeal to readers books of this kind could be disseminated in dozens or even hundreds of copies and were often available by translation or adaptation in various languages including the vernacular in exploring these widely disseminated and highly popular texts that offered a precise segment of knowledge that could be accessed by readers outside the intellectual and social elite this volume intends to introduce books of knowledge as a

new category within the study of medieval literacy

Life In A Medieval Abbey 1998-06-01

an excellent overview of the middle ages

Why the Middle Ages Matter 2012-02-20

the word medieval is often used in a negative way when talking about contemporary issues why the middle ages matter refreshes our thinking about this historical era and our own by looking at some pressing concerns from today s world asking how these issues were really handled in the medieval period and showing why the past matters now the contributors here cover topics such as torture animal rights marriage sexuality imprisonment refugees poverty and end of life care they shed light on relations between christians and muslims and on political leadership this collection challenges many negative stereotypes of medieval people revealing a world from which for instance much could be learned about looking after the spiritual needs of the dying and about integrating prisoners into the wider community with the emphasis on reconciliation between victim and criminal it represents a new level of engagement with issues of social justice by medievalists and provides a highly engaging way into studying the middle ages for students

illuminating the Renaissance 2003-07-01

this comprehensive and richly illustrated catalogue focuses on the finest illustrated manuscripts produced in europe during the great epoch in flemish illumination during this aesthetically fertile period beginning in 1467 with the reign of the burgundian duke charles the bold and ending in 1561 with the death of the artist simon bening the art of book painting was raised to a new level of sophistication sharing inspiration with the celebrated panel painters of the time illuminators achieved astonishing innovations in the handling of color light texture and space creating a naturalistic style that would dominate tastes throughout europe for nearly a century centering on the notable artists of the period simon marmion the vienna master of mary of burgundy gerard david gerard horenbout bening and others the catalogue examines both devotional and secular manuscript illumination within a broad context the place of illuminators within the visual arts including artistic exchange between book painters and panel painters the role of court patronage and the emergence of personal libraries and the international appeal of the new flemish illumination style contributors to the catalogue include maryan w ainsworth curator of european paintings at the metropolitan museum of art independent scholar catherine reynolds and elizabeth morrison assistant curator of manuscripts at the getty museum illuminating the renaissance is published in conjunction with an exhibition organized by the getty museum the royal academy of arts london and the british library to be held at the getty museum from june 17 to september 7 2003 and at the royal academy of arts from november 25 2003 to february 22 2004

The Medieval World of Nature 2019-06-26

originally published in 1993 the medieval world of nature looks at how the natural world was viewed by medieval society the book presents the argument that the pragmatic medieval view of the natural world of animals and plants existed simply to serve medieval society it discusses the medieval concept of animals as food labour and sport and addresses how the biblical charge of assuming dominion over animals and plants was rooted in the medieval sensibility of control the book also looks at the idea of plants and animals as not only pragmatic but as allegories within the medieval world utilizing animals to draw morality tales which were viewed with as much importance as scientific information this book provides a unique and interesting look at the everyday medieval world

A History of Medieval Europe 2013-08-16

r c davis provided the classic account of the european medieval world equipping generations of undergraduate and a level students with sufficient grasp of the period to debate diverse historical perspectives and reputations his book has been important grounding for both modernists required to take a course in medieval history and those who seek to specialise in the medieval period in updating this classic work to a third edition the additional author now enables students to see history in action the diverse viewpoints and important research that has been undertaken since davis second edition and progressed historical understanding each of davis original chapters now concludes with a new directions and developments section by professor ri moore emeritus of newcastle university a key work updated in a method that both enhances subject understanding and sets important research in its wider context a vital resource now up to date for generations of historians to come

Everyday Life in Medieval Europe 2009

one of the most popular and widely read books of the middle ages physiologus contains allegories of beasts stones and trees both real and imaginary infused by their anonymous author with the spirit of christian moral and mystical teaching accompanied by an introduction that explains the origins history and literary value of this curious text this volume also reproduces twenty woodcuts from the 1587 version originally composed in the fourth century in greek and translated into dozens of versions through the centuries physiologus will delight readers with its ancient tales of ant lions centaurs and hedgehogs and their allegorical significance on an elegant little book still diverting to look at today the woodcuts reproduced from the 1587 rome edition are alone worth the price of the book ocoocoraymond a sokolov new york times book review

Physiologus 1979

examining the history and intellectual activity of the medieval svetambara jain renunciant order the tapa gaccha this book focuses on the consolidation by the tapa gaccha from the thirteenth century of its identity as the leading svetambara order the author argues that this was variously effected by negotiating the primacy of lineage the posthumous divinity of one of its leaders the validity of styles of scriptural exegesis and customary practice and the status of non jains through the medium of chronicles and poetry and polemical engagement with other jain orders and dissident elements within its own ranks drawing on largely unstudied primary sources the author demonstrates how tapa gaccha writers created a sophisticated intellectual culture which was a vehicle for the maintenance of sectarian identity in the early modern period the book explores issues which have been central to our understanding of many of the questions currently being asked about the development not just of jainism but of south asian religions in general such as the manner in which authority is established in relation to texts the relationship between scripture commentary and tradition and tensions both between and within sects

History, Scripture and Controversy in a Medieval Jain Sect 2018-12-07

Life in a Mediaeval Castle 1982

the medieval north of england has been underexplored to date and this volume may be seen as an invitation for further exploration it brings together scholars with shared interests in language literature culture history and manuscript studies viewed from different disciplinary perspectives such as english philology historical linguistics and medieval literature while many scholars have thus far been debating the dividing lines between north and south as well as between north midlands and south the contributors to this volume are interested in texts produced in the north the providence of which has been determined by way of affiliation to religious and civic writing centres including the important monastic houses in the north such as durham york and the yorkshire cistercian houses most of the contributions grow out of recent and ongoing research projects that touch upon different aspects of the north of england in the medieval period concentrating on the north as a centre of manuscript production dissemination and reception this volume aims also at illustrating the fluidity of boundaries and communication and the resulting links to different geographical regions

The Role of the Book in Medieval Culture 1986-01-01

this extraordinary re creation of the life of a medieval italian merchant francesco di marco datini is one of the greatest historical portraits written in the twentieth century drawing on an astonishing cache of letters unearthed centuries after datini s death it reveals to us a shrewd enterprising anxious man as he makes deals furnishes his sumptuous house buys silks for his outspoken young wife and broods on his legacy it is an unequalled source of knowledge about the texture of daily life in the small earthy violent striving world of fourteenth century tuscan datini has now probably become most intimately accessible figure of the later middle ages brilliant and intricate the times as a picture of tuscan before the dawn of the renaissance it is a complement to the decameron sunday times

Revisiting the Medieval North of England 2019-02-15

as the son of a medieval lord henry has lived in a castle all his life when learns that he must leave home to begin training to be a knight he turns to his friend margaret for help but as a worker in the castle s kitchen margaret is envious of henry s opportunity to see more of the world get a glimpse into medieval times by following these two friends as they explore the castle and meet a variety of colorful characters

Merchant of Prato 2017-05-04

nature is a highly important term in the ethical discourse of the middle ages and as such a leading concept in medieval literature this book examines the moral status of the natural in writings by alan of lille jean de meun john gower geoffrey chaucer and others showing how particularly in the erotic sphere the influences of nature are not always conceived as wholly benign though medieval thinkers often affirm an association of nature with reason and therefore with the good there is also an acknowledgement that the animal the pre rational the instinctive within human beings may be validly considered natural in fact human beings may be thought to be urged almost ineluctably by the force of nature within them towards behaviour hostile to reason and the right
