when you have other responsibilities i really like this author her characters are believable her plots are good no holes her stories fit together as if you were speaking to many different people in the same community so the characters in each book have a definite voice and perspective i m engrossed as i read i think this author could possibly be writing stories in this series for hundreds of books dark choices the quandary when rufsur and edna meet the attraction is as unexpected as it is undeniable except she s the clan s judge and councilwoman and he s kalugal s second in command will loyalty and duty to their people keep them apart dark choices paradigm shift edna and rufsur are miserable without each other and their two week separation seems like an eternity long distance relationships are difficult but for immortal couples they are impossible unless one of them is willing to leave everything behind for the other things are just going to get worse except the cost of compromise is far greater than giving up their comfortable lives and hard earned positions the future of their people is on the line dark choices the accord the winds of change blowing over the village demand hard choices for better or worse kian s decisions will alter the trajectory of the clan s future and he is not ready to take the plunge but as edna and rufsur s plight gains widespread support his resistance slowly erodes an amazon top 10 all star i t lucas is one of the most popular authors in kindle unlimited
