balances has functioned when it comes to waging war and making peace the washington post a timely account of a raging debate the history of the ongoing struggle between the presidents and congress over who has the power to declare and wage war the constitution states that it is congress that declares war but it is the presidents who have more often taken us to war and decided how to wage it in waging war david j barron opens with an account of george washington and the continental congress over washington s plan to burn new york city before the british invasion congress ordered him not to and he obeyed barron takes us through all the wars that followed 1812 the mexican war the civil war the spanish american war world wars one and two korea vietnam iraq and now most spectacularly the war on terror congress has criticized george w bush for being too aggressive and barack obama for not being aggressive enough but it avoids a vote on the matter by recounting how our presidents have declared and waged wars barron shows that these executives have had to get their way without openly defying congress waging war shows us our country s revered and colorful presidents at their most trying times washington lincoln theodore roosevelt franklin roosevelt truman eisenhower john f kennedy johnson both bushes and obama their wars have made heroes of some and victims of others but most have proved adept at getting their way over reluctant or hostile congresses the next president will face this challenge immediately and the constitution and its fragile system of checks and balances will once again be at the forefront of the national debate
