in the sacrament of the eucharist the latest volume in the lex orandi series john d laurance considers the eucharist by way of two questions how by his first century life death and resurrection does jesus christ save all

human beings throughout history from eternal death and make possible their permanent union with god how is that salvation made available now through the community of the church in her liturgical celebrations soteriology and ecclesiology therefore play a prominent role in laurance s investigation after forging a theology of the liturgy primarily out of the work of rahner kilmartin and chauvet the author investigates the nature of the lex ordandi lex credendi relationship and offers guidelines on how best to read the church s faith in her life of prayer he then uses both steps to discover the faith meaning of a particular eucharist as typically celebrated in a modern american parish on sunday morning

the eucharistic celebration is a vital part of the life and ministry of every priest and deacon at the same time the eucharist is also a compelling narrative of all that christ is for the people of god in this book fr scott detisch explores a spirituality of holy orders through the eucharistic actions of christ take bless break and give these are more than ritual actions the deacon or priest performs within the liturgy as they did for jesus christ these eucharistic words define who a priest or deacon is for god s people

The Blessed Eucharist

1994-07

theological reflection upon the eucharist is dominated by two paradigms one approach interprets the eucharist almost exclusively in theological terms shaped by scholasticism and the reformation most discussions about the nature of the eucharist eucharistic presence or the role of the priest follow these categories even if they

come in modern disguise the other reads the eucharist as an event which can be explored empirically o
loughlin develops a new understanding of the eucharist this can be done by looking afresh at the historical
evidence and bringing it in dialogue with modern theology in the past decades historical research and new
discoveries have changed our view of the origins and the development of the eucharist by bringing history into
a fruitful dialogue with sacramental and liturgical theology he shows not only ways how theology and practice
can be brought closer together again but also how current ecumenical divisions can be overcome his book
makes an important contribution to eucharistic theology both for individual church traditions as well as for
ecumenical dialogues

the eucharist should not be limited to the congregation that gathers to hear the word of god and proclaim its
faith it is first of all the active presence of the sacrifice of christ who gathers us together and lets us partake of
his divine life through his body and blood in communion christians are always hoping to find helpful ways to
contemplate the eucharistic mystery in all its fullness and this set of meditations by father raniero
cantalamessa presented by him in the presence of pope john paul ii is written in a simple and warm style and
nourished by scripture and the teachings of the church fathers from both the east and the west these
meditations answer the needs of all who hope to experience the radiant and radiating eucharist that shines
into their hearts and into the life of the church
