Understanding I.A. Richards' Principles of Literary Criticism

2002

no treatment of modern criticism is possible without discussing i a richards since in the most literal sense his influence combined with that of t s eliot and f r leavis served to create it as one of seminal thinkers paving the way for the development of new criticism richards made a systematic attempt to formulate a theory of poetry in consonance with the demands of modern scientific thought the present book stems from the need to offer an objective appraisal of richards thought system in the context of the evolution of his ideas in foundations of aesthetics the meaning of meaning principles of literary criticism science and poetry later reissued as poetics and sciences and practical criticism in the context of wide spread misinterpretations and distortions of richards point of view the author has tried throughout this inter disciplinary work to allow richards to speak for himself while unfolding the subtle suggestive and consistent nature of richards early writings the book studies his criticism of modern poets like t s eliot w b yeats g m hopkins thomas hardy and d h lawrence the chapter on practical criticism throws light on richards technique of evaluating poems and teaches the art of appreciating poetry

Principles of Literary Criticism

2001

with an alertness to the psychological and emotional effects of language this work aims to present an understanding both of literature and of the role of the reader

Principles of Literary Criticism

2003-09-02

ivor armstrong richards was one of the founders of modern literary criticism he enthused a generation of writers and readers and was an influential supporter of the young t s eliot principles of literary criticism was the text that first established his reputation and pioneered the movement that became known as the new criticism

highly controversial when first published principles of literary criticism remains a work which no one with a serious interest in literature can afford to ignore

Principles of Literary Criticism

1932

first published in 2001 routledge is an imprint of taylor francis an informa company

Some Principles of Literary Criticism

1924

this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1899 edition excerpt chapter second what is literature it was stated at the close of the previous chapter that the principles of criticism must be derived from a study of the literature itself that a book is not literature because it conforms to certain rules but rather that these rules are valid because they are drawn from admitted works of literature obviously then at the outset of our discussion this question presents itself what is the body of writings from which these rules and principles are drawn what is literature moreover if we can answer this question satisfactorily we may find ourselves advanced some way in our discussion of these principles themselves since if there be any discoverable essentials of literature as such we shall be most likely to find all valuable critical principles or laws by considering carefully these essentials their relative value the conditions on which they depend and the ways in which they are combined but here we meet a difficulty which constantly recurs in critical discussion the difficulty of giving accurate definition to words in common use with a wide and vague significance such words as literature as also for other examples beauty poetry imagination idealism are used by us all without any attempt to define for ourselves precisely what we mean by them we find they designate accurately enough the most of the things associated with them in our thought and we do not trouble ourselves if there be so to speak a ragged fringe on either side of the line of their meaning it is only when we try to define such terms that we realize how vague and careless is our use of them we find it difficult to make out with precision the limits of meaning we ourselves would assign to them and when we

this is a new release of the original 1899 edition

A HANDBOOK ON PRINCIPLES OF LITERARY CRITICISM (From Plato to Post-modernism)

2013-09

excerpt from some principles of literary criticism the preceding chapters do not pretend to cover the entire field of criticism nor to lay down a definite critical method but assume that all real criticism must be something more than individual impression and aim to set forth some principles that must always underlie such criticism about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Some Principles of Literary Criticism

2014-03

excerpt from the principles of success literature edited with introduction and notes the editor s purpose in reprinting this admirable little treatise on literature is primarily to make it accessible to his own classes in rhetoric and literary criticism it has been his custom as it doubtless is that of many other teachers of rhetoric to supplement the text book by reference to various sources of information upon psychology logic language and æsthetics books on these topics written by persons who know what they are writing about neither too abstruse nor too much diluted with sentiment are singularly few in number professor a s cook did good service therefore to teachers

and students alike when in 1885 he brought these fortnightly articles again to general attention by reprinting them in pamphlet form hardly any other work on literature with which I am acquainted is so thoroughly sound in principle and at the same time so suggestive and inspiring. Lewes's essay has too what is noticeably lacking in many better known writings a bracing healthful tone. The customary sentimentalizing about the glories of literature is reduced to a minimum. Literary and critical superstitions of various kinds are ruthlessly picked in pieces. It is just the work to go into the hands of that hope and despair of the teacher of rhetoric, the callow young man with a sneaking ambition for literature, much sentiment and a decided relish for rhetorical decoration. The book may be used in the class room in a great variety of ways. The writer's preference is for what may be called a rudimentary form of the seminary method. The members of the class are not asked to recite as from a text book but having read the treatise or a portion of it with much care are encouraged to discuss with the instructor and with one another as many of the important points as the time will allow. Advantage may be taken of the interest thus aroused to suggest other lines of reading. About the publisher forgotten books publishes hundreds of thousands of rare and classic books. Find more at forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy. In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition. We do however repair the vast majority of imperfections successfully. Any imperfections that remain are intentionally left to preserve the state of such historical works.
